6. Volunteering

Section 6 of the report looks at young people's (10 to 18-year-olds) involvement in nine volunteer roles "regularly this year" outside of PE/fitness classes, the nine roles being: coach/assistant coach, team manager/assistant manager, club administrator, referee/official, helper, lifeguard, team captain, physical activity leader and event organiser.

This section focuses on **older students**. Results are reported for boys and girls of different ages and of different ethnic and socio-economic backgrounds. Results are also reported boys and girls by their views about playing sport and whether they do or don't belong to sports clubs. Also reported:

- estimated numbers of volunteers in each role
- ranking of roles.

6.1 Volunteering roles by selected student characteristics

Young people who completed the Years 7 to 13 survey forms (10 to 18-year-olds) were asked if they had taken part in any of nine volunteer roles "regularly this year" for any of the "sport and active things" they did outside of Physical Education or Fitness classes. Students could also tick "no - I have not been any of these". The nine roles were:

- coach or assistant coach
- team manager or assistant manager
- club administrator (eg. secretary)
- referee/official
- helper (eg. bally boy or ball girls, scorer, timekeeper)
- lifeguard
- team captain
- physical activity leader
- event organiser.

Section 6.1 reports on this information by selected student characteristics. This section includes a number of **data** tables.

Question/response options:
- Have you done any of these things regularly this year, for any kind of sport or active things that you do outside of PE or Fitness? *Response options – the nine roles listed in the table above OR no - I have not been any of these.*

Notes:
1 Not asked in the Years 1 to 6 survey forms. The students who answered this question were mostly 11 to 18-year-olds, but some 10-year-olds also answered this question and are reported on here.
2 'Number' is an estimate of the number volunteers. These estimates are derived from the numbers in the Ministry of Education's schools roll. See Appendix 1 (A.4).
3 Ranking is based on participation in volunteer roles this year for each sub-group.
4 'Volunteered in at least one of these roles' shows young people who said that they had done at least one of the nine listed roles this year.

6.1.2 Volunteer roles (Years 7-13) by gender and ethnicity (multiple response)

Volunteering “regularly this year” by 10 to 18-year-olds varies with young people’s ethnic background. This section describes only the significant differences and reports on this information by comparing **all boys/girls with boys/girls of different ethnicities** – students were able to identify with more than one ethnic group (eg. Māori and Pacific), and so the figure for each ethnic group should be compared only with the totals (eg. results for Pacific boys can be compared with those for all boys but not boys within other ethnic groups).

Note – section 6.1.3 reports on this information by comparing **boys/girls of a specific ethnicity with other boys/girls (eg. Māori and Non-Māori)**.

Compared with all boys (45.5%):

- boys of Pacific ethnicity (54.4%) were significantly more likely to say they have volunteered in one or more of these roles
- boys of Asian ethnicity (32.7%) were significantly less likely to say they have volunteered in one or more of these roles.

Boys of Pacific ethnicity were significantly more likely than all boys to say they have volunteered as a:

- team manager (10.9%, 5.4%)
- club administrator (5.6%, 2.5%)
- referee/official (18.7%, 12.8%)
- physical activity leader (16.5%, 9.6%).

Boys of Asian ethnicity were significantly less likely than all boys to say they have volunteered as a:

- referee/official (8.0%, 12.8%)
- helper (13.0%, 20.4%)
- team captain (14.8%, 24.6%).

Compared with all girls (45.6%):

- girls of Māori (51.3%) and Pacific ethnicity (55.4%) were significantly more likely to say they have volunteered in one or more of these roles

- girls of Asian ethnicity (32.3%) were significantly less likely to say they have volunteered in one or more of these roles.

Girls of Māori ethnicity were significantly more likely than all girls to say they have volunteered as a:

- referee/official (18.1%, 13.6%)
- team captain (28.7%, 22.7%)
- physical activity leader (15.3%, 10.3%)
- event organiser (10.7%, 7.6%).

Girls of Pacific ethnicity were significantly more likely than all girls to say they have volunteered as a:

- coach (20.6%, 15.3%)
- club administrator (2.9%, 1.2%)
- referee/official (18.4%, 13.6%)
- helper (29.4%, 21.5%)
- team captain (28.4%, 22.7%)
- physical activity leader (18.8%, 10.3%).

Girls of Asian ethnicity were significantly less likely than all girls to say they have volunteered as a:

- coach (9.0%, 15.3%)
- referee/official (5.1%, 13.6%)
- helper (14.7%, 21.5%)
- lifeguard (1.1%, 3.0%)
- team captain (14.7%, 22.7%).

Table 6.1.2: Volunteer roles (Years 7-13) – by gender and ethnicity (multiple response)

Table 6.1.2 shows volunteer roles done this year for all boys/girls and boys/girls of different ethnicities (aged 10 to 18 years old). As an example, the results for Pacific boys can be compared with those for all boys but not boys in the other ethnic groups.

6.1.3 Volunteer roles (Years 7-13) by gender and ethnicity (two-way comparison)

Volunteering “regularly this year” by 10 to 18-year-olds varies with young people’s ethnic background. This section describes only the significant differences and reports on this information by comparing **boys/girls of a specific ethnicity with other boys/girls (eg. Māori and Non-Māori)**.

Note – section 6.1.2 reports on this information by comparing **all boys/girls with boys/girls of different ethnicities** – students were able to identify with more than one ethnic group (eg. Māori and Pacific), and so the figure for each ethnic group should be compared only with the totals (eg. results for Pacific boys can be compared with those for all boys but not boys within other ethnic groups).

Boys of Pacific ethnicity (54.4%) were significantly more likely than other boys (i.e. Non-Pacific: 44.4%) to say they have volunteered in one or more of these roles.

Boys of Asian ethnicity (32.7%) were significantly less likely than other boys (i.e. Non-Asian: 47.2%) to say they have volunteered in one or more of these roles.

Boys of Pacific ethnicity were significantly more likely than other boys (i.e. Non-Pacific) to say they have volunteered as a:

- team manager (10.9%, 4.7%)
- club administrator (5.6%, 2.1%)
- referee/official (18.7%, 12.1%)
- physical activity leader (16.5%, 8.8%)
- event organiser (10.8%, 7.1%).

Boys of Asian ethnicity were significantly less likely than other boys (i.e. Non-Asian) to say they have volunteered as a:

- referee/official (8.0%, 13.5%)
- helper (13.0%, 21.5%)
- lifeguard (1.4%, 3.2%)
- team captain (14.8%, 25.9%).

Girls of Māori ethnicity (51.3%) were significantly more likely than other girls (i.e. Non-Māori: 44.1%) to say they have volunteered in one or more of these roles.

Girls of Pacific ethnicity (55.4%) were significantly more likely than other girls (i.e. Non-Pacific: 44.2%) to say they have volunteered in one or more of these roles.

Girls of Asian ethnicity (32.3%) were significantly less likely than other girls (i.e. Non-Asian: 47.4%) to say they have volunteered in one or more of these roles.

Girls of Māori ethnicity were significantly more likely than other girls (i.e. Non-Māori) to say they have volunteered as a:

- referee/official (18.1%, 12.4%)
- team captain (28.7%, 21.1%)
- physical activity leader (15.3%, 9.0%)
- event organiser (10.7%, 6.8%).

Girls of Pacific ethnicity were significantly more likely than other girls (i.e. Non-Pacific) to say they have volunteered as a:

- coach (20.6%, 14.5%)
- team manager (7.6%, 4.1%)
- club administrator (2.9%, 1.0%)
- referee/official (18.4%, 12.8%)
- helper (29.4%, 20.4%)
- team captain (28.4%, 21.8%)
- physical activity leader (18.8%, 9.1%).

Girls of Asian ethnicity were significantly less likely than other girls (i.e. Non-Asian) to say they have volunteered as a:

- coach (9.0%, 16.1%)
- referee/official (5.1%, 14.7%)
- helper (14.7%, 22.5%)

Question/response options:

- Have you done any of these things regularly this year, for any kind of sport or active things that you do outside of PE or Fitness? *Response options – the nine roles listed in the table above OR no - I have not been any of these.*

Notes:

- 1 Not asked in the Years 1 to 6 survey forms. The students who answered this question were mostly 11 to 18-year-olds, but some 10-year-olds also answered this question and are reported on here.
- 2 'Number' is an estimate of the number volunteers. These estimates are derived from the numbers in the Ministry of Education's schools roll. See Appendix 1 (A.4).
- 3 Ranking is based on participation in volunteer roles this year for each sub-group.
- 4 'Volunteered in at least one of these roles' shows young people who said that they had done at least one of the nine listed roles this year.

6.1.4 Volunteer roles (Years 7-13) by gender and socio-economic background

Volunteering “regularly this year” by 10 to 18-year-olds does not vary with young people’s socio-economic background:

- Boys of different socio-economic backgrounds were as likely to say they have volunteered in one or more of these roles, and in the different roles.
- Girls of different socio-economic backgrounds were as likely to say they have volunteered in one or more of these roles, and in the different roles.
- Boys and girls of the same socio-economic background were as likely to say they have volunteered in one or more of these roles, and in the different roles.

Table 6.1.4: Volunteer roles (Years 7-13) – by gender and socio-economic background

Table 6.1.4 shows volunteer roles done this year for all boys and girls of different socio-economic backgrounds (aged 10 to 18 years old).

Question/response options:

- Have you done any of these things regularly this year, for any kind of sport or active things that you do outside of PE or Fitness? *Response options – the nine roles listed in the table above OR no - I have not been any of these.*

Notes:

- 1 Not asked in the Years 1 to 6 survey forms. The students who answered this question were mostly 11 to 18-year-olds, but some 10-year-olds also answered this question and are reported on here.
- 2 'Number' is an estimate of the number volunteers. These estimates are derived from the numbers in the Ministry of Education's schools roll. See Appendix 1 (A.4).
- 3 Ranking is based on participation in volunteer roles this year for each sub-group.
- 4 'Volunteered in at least one of these roles' shows young people who said that they had done at least one of the nine listed roles this year.

6.1.5 Volunteer roles (Years 7-13) by gender and views about sport

Volunteering “regularly this year” by 10 to 18-year-olds varies with young people’s views about sport. The summary table below shows the significant differences between boys and girls with different views about sport.
